

Commercial Construction

Fees are established by City Fee Resolution. Valuation for permits is based on the most recently published ICC Building Valuation Data (BVD) table published by the International Code Council. The square footage of work is multiplied by the amount in the BVD x .92 regional multiplier, determined based off the construction and use of the building.

Residential Construction

All new residential one (1) and two (2) family dwellings with have living space based on the most recently published ICC Building Valuation Data (BVD) table published by the International Code Council. The square footage of finished living space, garage space, and unfinished basement will be multiplied by the amount in the BVD x .92 regional multiplier.

| | |
|-----------------------|-----------------|
| Finished Living Space | \$152.79/sq.ft. |
| Garage | \$61.16/sq.ft. |
| Unfinished Basement | \$28.98/sq.ft. |
